THE LAST OP

PhotoRepair and Retouch

Welcome to the very last issue of Open Page. This is the last issue because I am leaving Tonyrefail for Singapore in November.

PhotoRepair & Retouch will be available as advertised here in OP, at 102 Mill Street up until 10th November 2000.

I have not asked our local businesses to advertise in this issue, because it is not a full issue of OP... but I would like to sincerely thank them all for their fantastic support over the past 5 years.

I would also like to thank Tony Flood and everyone at IMPRESSIONS Printers (Pontyclun) Tel: 225445 for printing OP perfectly every time!

Thank you also to everyone who has helped produce 31 Issues of Open Page in Tonyrefail.

I do hope that everyone will be as helpful and supportive of anyone else who might come along to produce a free local paper for Tonyrefail... I encourage anyone with a bit of computer sense, a little time, and a lot of patience to have a go!

Rhondda Cynon Taff Community Information Database

RCT Libraries and the Community Care Department have worked together to produce a database that lists almost 1000 local organisations. It provides information about the activities of each group. Your local library has access to the internet and can help you use the database. Currently, there is a charge for the use of the internet. If you have the internet, the database can be found at: www.rhondda-cynon-taff.gov.uk/cid People involved in a local community group who are not yet listed (it's free) can either use the form on the database or ring Malcolm Strange on (01443) 486731

I lived in Ton' for 19 years until I left for Uni' in 1987, but if there is anyone who remembers me from the Comp' between 1979 - 1986 it would be good to hear from some old friends. Sue - Greetings from Milton, Ontario Canada. I loved the virtual reality tour. Never been to Tonyrefail but I'm sure it's a fine place. Bet the pubs are always full as well.
